### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance. The prior art made of record considered as a whole neither shows, nor renders obvious the overall combination of a read/write head supporting mechanism that includes at least a slider, suspension, a microactuator, a wire and a grounding wire, such that each of the wire and grounding wire include a close-contact wire in close contact with the suspension and a floating wire that extends away from the suspension to the slider and is movable and/or deformable in a displacement direction of the slider by the microactuator. The closest prior art in Fan et al (US 6,239,947) does not teach or suggest at least the floating wire of the wire and close-contact wire that extends away from the suspension to the slider and the grounding wire for electrical connection to the slider.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian E. Miller whose telephone number is (571) 272-7578. The examiner can normally be reached on M-TH 7:15am-4:45pm (and every other Friday).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, A. L. Wellington can be reached on (571) 272-4483. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
